Rationale for Course

Edit

Other

Explain other rationale
to support the online program

Course prefix  MARA  Course number  640
Department  Maritime Administration
College/School  Galveston Campus
Academic Level  Graduate
Academic Level (alternate)
Effective term  2018-2019 Galveston

Complete Course Title
Global Logistics

Abbreviated Course Title
GLOBAL LOGISTICS

Catalog course description
Transportation and logistic activities of multinational firms with an emphasis on transportation, customer service, inventory control facility location, global sourcing, customs documentation, and the role of government in importing and exporting. Attention is given to current events and their effects on the marketing and logistics activities of U.S. based organizations.

Prerequisites and Restrictions
Approval of instructor, graduate status or special approval.

Concurrent Enrollment  No
Should catalog prerequisites / concurrent enrollment be enforced?  No

Crosslistings  No  Crosslisted With

Learning Outcomes

Meets traditional face-to-face learning outcomes.

Describe how learning outcomes are met or provide justification why they are not met.

Both syllabi are identical

Hours

Meets traditional face-to-face hours.

Describe how hours are met or provide justification why they are not met.

This class meets the work requirements of 135 hours.

Will this course be taught as a distance education course?

Yes  No

I verify that I have reviewed the FAQ for Export Control Basics for Distance Education.

Yes  No

Is 100% of this course going to be taught in Texas?

Yes

Will classroom space be needed for this course?

No

This will be a required course or an elective course for the following programs:

Additional information

Reviewer Comments:
- Sandra Williams (sandra-williams) (02/06/18 11:36 am): Rollback: You need to attach a syllabus and a non-traditional syllabus (if applicable).
- Joan Mileski (mileski) (02/11/18 8:16 pm): Rollback: You need to indicate on the syllabus that it is both face to face and online

Reported to state? No
INSTRUCTOR

Amir Gharehgozli, Ph.D.

MEETING TIME AND PLACE

Tuesdays, 6:00 pm – 8:00 pm, CLB 216

INSTRUCTOR INFORMATION

E-mail: GharehgA@TAMUG.edu
Office Phone: 409-740-4854
Office Location: CLB 228
Office Hours: By appointment (almost every day)
Web information: Handouts and supplementary materials are available on eCampus.
Contact students: The instructor will use eCampus as the primary means of contacting you. Please check the announcements frequently.

TEXTBOOK

Students can benefit from a variety of textbooks and resources. The following textbooks are some useful example and can be used as a guideline throughout the course. All books almost cover all essential topics that are discussed in this course. Extra materials will be provided for every session.

I have asked the library to buy a bunch of supply chain, operations management and logistics books. So if you visit the library you can borrow and read. If you cannot visit the library, you may want to buy one of the following books.

Course text: Sunil Chopra, Peter Meindl, Supply Chain Management: Strategy, Planning, and Operation
Course Text: Swink, Melynck, Cooper and Hartley, Managing Operations Across Supply Chain,
Course Text: Sunil Chopra, Peter Meindl, Supply Chain Management: Strategy, Planning, and Operation
Course Text: Paul Murphy and Michael Kneumeyer, Contemporary Logistics
Course Text: Heizer, J. & Render, B., Operations Management
Course Text: Gerard Cachon and Christian Terwiesch, Operations Management
Other Materials: Required readings for each session will be provided online on eCampus.
COURSE DESCRIPTION

Logistics management is the part of supply chain management that plans, implements, and controls the efficient, effective forward, and reverse flow and storage of goods, services, and related information between the point of origin and the point of consumption in order to meet customer's requirements.

The goal of this course is to familiarize students with the discipline of logistics management, which usually involves the integration of information flow, material handling, production, packaging, inventory, transportation, warehousing, and often security.

COURSE OBJECTIVES

The course will introduce you to concepts and techniques related to the design, planning and control and improvement of logistics management. More specifically, the course attempts to

- make you conversant in the language of logistics managers,
- enhance your critical thinking, in the areas of logistics management,
- provide you with both quantitative and qualitative tools to identify, analyze and manage logistics issues,
- build your confidence in the areas of logistics by developing your verbal skills to voice, explain and support your conceptual thinking.

CLASS PARTICPATION

The classroom is a laboratory in which you can test your ability to present your analysis, recommendations, and implementation plans. Active participation in all class discussions is essential to derive the full benefit of this course.

CLAS ATTENDANCE

Class attendance is not mandatory. However, you are encouraged to attend all sessions, especially the ones focused on quantitative methods. If you need to miss a class, please notify the instructor in advance, with the reason for your absence.

NOTE: To help us and your fellow-students to learn your name quickly, please put a name card placed in front of you on your desk and sit in the same seat every class. Also, to help us create a stimulating class environment, use the front seats first as much as possible.

PREREQUISITS

Refer to the University Catalog which states approval of instructor, graduate status or special approval.

HOWDY/eCampus

HOWDY/ELEARNING is TAMUG's primary Learning Management Software and used for communications, course material and lessons. Check the site daily. Make use of the online environment and its collaborative features (discussion/bulletin board, course email, etc.) to work with your classmates virtually. Check the course website and your campus email address daily.
Course Management Preparation:

- Make sure you are able to navigate eCampus/Howdy. If you are not already familiar with eCampus, TAMU ITS has an eCampus orientation for Students course at http://itsinfo.tamu.edu/elearning-orientation/
- File types: http://webaccess.tamu.edu/resources/fileTypes.html
- Most compatible browser: Mozilla Firefox 3.x.
- Ensure you have the TAMUG Virtual Private Network (VPN) software installed if you are using an off-campus computer, which is available at http://www.tamug.edu/computing/vpn/
- Should you experience a technical computer problem, contact the Computer and Information Services (CIS) Helpdesk:
  - CLR (Building 3007), Suite 115
  - Helpdesk: x4480 (409-740-4480), Email: helpdesk@tamug.edu
  - Web: http://www.tamug.edu/computing/

COURSE ASSESSMENTS

Homework Assignment (4@100)

- Homework and/or assignments will be as instructed.
- Homework assignments will be turned in through email to gharehga@tamug.edu.
- For each assignment, you have 2 weeks to hand in your reports.
- For the warehouse profiling (one of the assignments of the first half of the class), a presentation of up to 5 slides has to be prepared and presented in the classroom. Please check the date in the course outline.
- One of the assignments is a presentation of about 15 minutes.
  - For this presentation, you have to select one of the chapters from the "international Logistics" book by Wood. You can access an online version of this book via the TAMUG library website. Only chapters 2, 10-15 are accepted.
  - Chapters 13 and 14 of the "contemporary Logistics" book also cover some of the topics presented in the chapters of the other book. You can borrow this book from me.
  - The chapter selected has to be sent to me two weeks in advance.
  - A presentation has to be prepare and presented in the classroom.
  - Check the presentation dates in the course outline. Your presentation has to be sent to me one day in advance.
- Assignments and presentations have to be done in small teams of 3-4 members. You can change your team but it is preferred that you keep your teams the same until the end of the course.
- Deadlines are strict. A delay of 24 hours will deduct 10 points. A delay of more than 24 hours will deduct 50 points (basically you would rather drop the course).

Midterm Examination (1@ 100):

- Midterm exam will be given at 18:00am on October 25th.

Final Examination (1@ 100):
Final exam will be given at 18:00 am on December 6th.

**GRADING**

Final grade will be based on the actual credit for each subject, and will not be curved.

<table>
<thead>
<tr>
<th></th>

</tbody>
</table>

A: \( \geq 270 \); B: 240–269; C: Below 239.

**EXTRA CREDITS**

- If you find typos and mistakes in my slides or assignments, please let me know. I will award you 5 points for each typo. There is a cap of 20 points.
- This will be done on a first-come-first-served basis. So I would not award the same typo coming from 2 different students.

**Statement on Course Evaluation**

The PICA (Personalized Instructor/Course Appraisal) is an online evaluation for Texas A&M. We highly encourage you to complete an evaluation for each course on your schedule. Student input is critical component used to improve curriculum and teaching. Each faculty member values you input to improve his/her methodology. Your comments can also significantly impact the mix and membership of faculty. The PICA website is available at [http://pica.tamu.edu](http://pica.tamu.edu), your howdy portal or by scanning the smart tag published around the campus.
Course outline

The following course outline specifies the topics that will be discussed each week. The required preparation for each class, including readings, cases and other assignments will be posted later. Please consult the outline carefully. The outline is due to changes.

CLASS POLICIES

AMERICANS WITH DISABILITIES ACT (ADA) POLICY STATEMENT

The Americans with Disabilities Act (ADA) is a federal non-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this law requires that all students with disabilities have guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Counseling Office, Seibel Student Center, or call (409)740-4587.

ACADEMIC INTEGRITY STATEMENT AND POLICY

"An Aggie does not lie, cheat, or steal or tolerate those who do."

Upon accepting admission to Texas A & M University at Galveston, a student immediately assumes a commitment to uphold the Honor Code, to accept responsibility for learning, and to follow the philosophy and rules of the Honor System. Students will be required to state their commitment on examinations, research papers, and other academic work. Ignorance of the rules does not exclude any member of the TAMUG community from the requirements or the processes of the TAMUG Honor System.

For any question consult to the Honor Council Rules and Procedures on the web:  
http://www.tamug.edu/HonorSystem

Please ensure that you print the following on assignment and examinations:

"On my honor, as an Aggie, I have neither given nor received unauthorized aid on this academic work."

Signature of the student

Statement on the Family Educational Rights and Privacy Act (FERPA)

FERPA is a federal law designed to protect the privacy of educational records by limiting access to these records, to establish the right of students to inspect and review their educational records and to provide guidelines for the correction of inaccurate and misleading data through informal and formal hearings. To obtain a listing of directory information or to place a hold on any or all of this information, please consult the Admissions & Records Office.

Items that can never be identified as public information are a student’s social security number or institutional identification number, citizenship, gender, grades, GPA, or class schedule. All efforts will be made in this class to protect your privacy and to ensure confidential treatment of information associated with or generated by your participation in the class.

Negotiation

Any and all of the above except academic integrity is negotiable as a class with the instructor.
ADDITIONAL COMMENTS REGARDING THE SIGNIFICANCE OF THE COURSE IN TERMS OF HISTORY, MOMENT, MOVEMENT, TRENDS, TIMELINES, BODY OF BASIC KNOWLEDGE, ETC.
