for approval. The original change request and approval can be found on page 13 of the attachment [FS-34-31-ATT-H-courses_june2016].

Reviewer Comments

Kelly Drake (kdrake) [11/27/17 9:16 am]: Rollback: Change has been approved, but I can not add the FS number until the other required sections on the form are complete. Once edited, I can push forward to the Provost with FS item number.

SUBJECT: Proposal for Change in Course Prefix Designation

The Department of Information and Operations Management in Mays Business School would like to create a new course prefix for all Management Information System courses at both the graduate and undergraduate levels.

The current course prefix for Management Information System classes is ISYS. Due to the similarity of this prefix to the acronym of a current militant group, the stigma surrounding the prefix has caused us to reevaluate its use. To avoid the potentially offensive nature of this similarity, we would like to change the course prefix of all Management Information System courses from ISYS to ISTM.

The following table includes the current course listings and the proposed changes. The changes will affect the course prefix only. There will be no changes to the course numbers, titles, or descriptions.
