Re: Requests of Course Additions to the Core Curriculum

The Core Curriculum Council recommends that the following course be added to the list of courses in the Core Curriculum which satisfy the requirement for Visual and Performing Arts.

PERF 301. Performance in World Cultures. Credit 3. In music or dance, clothing or drama, the people of every society express themselves in performance. This course will familiarize students with the field of performance studies and explore the enactment of the arts in world cultures.

The CCC unanimously agreed that an exposure to and analysis of culture and history, and that an exposure to and analysis of performing arts were central to the course’s content and character and appropriate to the spirit of the Core Curriculum and, thus, justified the course being included in the category.
