The University Curriculum Committee recommends approval of the following:

1. New Courses

**CPSC 470.** Information Storage and Retrieval. (3-0). Credit 3. Representation of, storage of and access to very large multimedia document collections; fundamental data structures and algorithms of current information storage and retrieval systems and relates various techniques to design and evaluation of complete retrieval systems. Prerequisites: CPSC 310 and 311; junior or senior classification.

**HIST 476.** Sex and Sexuality in History. (3-0). Credit 3. Changing ideas about sex and sexuality over time; includes their interaction with ideas about gender, race, class, religion, science, technology, medicine, politics and popular culture; historical and cultural processes creating modern concerns about sex and sexuality. Prerequisite: Junior or senior classification. Cross-listed with WMST 476.

**KINE 434.** Advanced Exercise Physiology. (3-0). Credit 3. Investigates mechanisms responsible for skeletal muscle power production during exercise and the energetic support for the muscles through intermediary metabolism and oxygen flux from the lungs to the muscle mitochondria; examines the effects of training on these processes. Prerequisite: KINE 433; junior or senior classification.

**WMST 476.** Sex and Sexuality in History. (3-0). Credit 3. Changing ideas about sex and sexuality over time; includes their interaction with ideas about gender, race, class, religion, science, technology, medicine, politics and popular culture; historical and cultural processes creating modern concerns about sex and sexuality. Prerequisite: Junior or senior classification. Cross-listed with HIST 476.
