17 September 2004

To: Executive Committee
    Faculty Senate

From: Richard K. Curry, Presiding Officer
    Core Curriculum Council

Re: Requests of Course Additions to the Core Curriculum, etc,

A. The Council Curriculum unanimously voted to approve the following courses for inclusion on the list of courses in the Core Curriculum which satisfy the writing requirement. The CCC unanimously agreed with subcommittee recommendations that all aspects of the courses were consistent with guidelines for this Core Curriculum (graduation) requirement and, thus, justified the courses being included in the “W-designated course” category.

```
ENGL 481   Senior Seminar
AGRO 429   Turf Management Systems
SPAN 303   Composition and Conversation
SOCI 206   Global Social Trends
SOCI 322   Industrial Sociology
MATH 220   Fundamentals of Discrete Mathematics
MGMT 373   Managing Human Resources
```

B. The Council unanimously approved requests for courses, one submitted by the Department of Health and Kinesiology and the other submitted by the Department of Agricultural Economics, to be included on the list courses satisfying Core Curriculum requirements in the area of Social and Behavioral Sciences. The CCC unanimously agreed that an exposure to and analysis of social and behavioral concerns as well as the methodologies used in the social sciences were central to course content and character appropriate to the spirit of the Core Curriculum and, thus, justified the course being included in the Social and Behavioral Sciences category. The approved courses are:

```
AGEC 453   International Agribusiness Marketing
KINE 489   Diversity in Sport Organizations
```
