MEMORANDUM

TO: Graduate Instruction Committee, CEHD

THROUGH: James Kracht, Ph.D.
Executive Associate Dean, College of Education and Human Development

FROM: Victor Willson, Ph.D.
Professor and Head

SUBJECT: Course Changes – BIED 682, 683, 684

Attached, please find the appropriate paperwork for changing the descriptions and CIP codes for BIED 682 - Seminar, BIED 683 - Field Practicum In., and BIED 684 Professional Internship

Pursuant to the directives of the College, the following information is provided:

1. Rationale: These courses were recently created for the bilingual education program in the Department of Educational Psychology. Previously, students in the bilingual education program took these courses under the EPSY prefix. When the BIED courses were created the same descriptions under the EPSY prefix were used. However, these descriptions clearly state school psychology, counseling psychology, and educational foundations as the primary foci of these courses. The primary focus of the BIED course is bilingual education and the foci that are currently listed in these descriptions are not relevant.

The CIP codes for these courses have been changed also for the same reasons previously mentioned in this rationale. The CIP codes listed are not for bilingual education and the new CIP codes are more appropriate for these courses. Please note that syllabi are not available for these courses due to the changing nature of the course from semester to semester and student to student.

2. Vote by the Program: This course is being offered as a graduate course so that the appropriate subvention is received for it. It has the unanimous support of our department.

We appreciate your consideration of this course. Please contact us should you require any additional information.
