Request for a Change in Curriculum
Undergraduate • Graduate • Professional

1. Program request type: ☑Undergraduate ☐Graduate ☐First Professional (ex., DPhil, JD, MD, etc.)

2. Request change for: 

3. Request submitted by (Department or Program Name): 

4. Program Designation and Name (e.g., B.A. in History, Minor in History, Certificate in European Union): B.S. in Psychology

5. Brief description of change: Moving or expanding Rules related to College requirements within the current degree evaluation. Also, several major courses previously taught as 289s have been given permanent course numbers.

6. Rationale for change: Currently, a significant amount of course adjustment requests are being submitted to move literature courses, which pick up in the KLPC rule (B/C), to the literature rule (D). Due to the communication area being prioritized higher in the degree evaluation, the literature courses will be picked up in this area first. Therefore, moving the literature requirement to the Communication area, rule C, will alleviate most of the KLPC/literature adjustment requests. The state core curriculum requirement for Social and Behavioral Science is 3 hours, but the CLLA degrees require 6 hours. By breaking the current rule A, which is 6 hours, into rule A (3 hours) and rule B (3 hours), it will make the degree evaluation more precise and easily identifiable between the state requirement and the college requirement.

7. a. Proposed curriculum attached. ☐Yes ☑No
    b. Current catalog curriculum with handwritten edits attached. ☑Yes ☐No
    c. Current Howdy degree evaluation with handwritten edits attached. ☑Yes ☐No

Please make sure the attached proposed curriculum, catalog and Howdy degree evaluation match.

8. a. Will degree program hours change (increase/decrease) due to the proposed curriculum changes? ☐Yes ☑No
    b. If yes, degree program hours will change from: ______ to: ______
    c. If yes, is the Texas Higher Education Coordinating Board form attached? http://www.thecb.state.tx.us/index.cfm?objectid=A0F9F7FA-9A92-4F11-2756AD3BBFF01D60 ☐Yes ☐No

9. If proposed changes affect other unit(s), are letters of support attached? ☐Yes ☐No

IMPORTANT NOTE: Curriculum changes submitted through the approval process and fully approved by February (December-UCC/GC, January-Faculty Senate, February-President) will be effective in the next academic year. Changes requiring approval beyond the University should complete the internal approval process early in the fall semester whenever possible in order to assure timely implementation.

Curricula in Psychology

Students majoring in psychology may earn either the Bachelor of Arts or Bachelor of Science degree. The psychology course requirements for the two degrees are identical; they differ with respect to the requirements in other disciplines. For example, the BA degree requires courses in a foreign language and extra humanities hours, whereas the BS degree requires additional hours in the physical and biological sciences. The two degrees are offered to allow students to complete their non-psychology course of study in fields of greatest interest to them. Thus, students who have stronger interests in the sciences would probably pursue the BS degree, while those with stronger interests in foreign language and the humanities would pursue the BA degree.

Both degrees provide students with the necessary curriculum requirements to pursue graduate study in psychology in most institutions, as well as other professional fields such as law. Students planning to apply to medical schools are advised to select the BS degree program.

Students who qualify for the University Honors Program should contact the Department of Psychology about the department's own honors program which places an emphasis on small classes and independent research experience.

A non-psychology minor is optional for psychology majors. If chosen, a minor must consist of 15–18 credit hours, no more than 9 of which may be lower division and must be declared before the student completes 90 credit hours. No more than 6 hours from the minor may be used to fulfill other Core requirements. A grade of C or higher is required if a course is to be counted in the major or minor field. A psychology minor is available for non-psychology majors (see below). A neuroscience minor is available to both psychology and non-psychology majors. For more information about Neuroscience, please visit ramn.tamu.edu. For more information about Psychology undergraduate programs, please visit the Department website at psychology.tamu.edu.

Bachelor of Arts
(120 hour minimum)

Psychology. 35 hours. No more than 35 hours in psychology may be applied to the degree. A grade of C or higher is required if a course is to be counted in the major field. Enrollment in PSYC 107, then the PSYC 203–PSYC 204 sequence during freshman and sophomore years is strongly recommended.

Minor in Psychology

A Psychology minor (15 hours) is available for non-psychology majors. The minor must be declared before the student has completed 30 credit hours. Nine hours of Psychology courses above the 200 level must be taken at Texas A&M; substitutions will not be allowed. A grade of "C" or higher is required in each course that is applied toward the minor. To enroll in most of the PSYC courses above the 100 level, students must have completed PSYC 107 and must have 60 or more hours of completed coursework. Finally, PSYC 484/PSYC 485/PSYC 491 will not count toward the minor.

Required courses (15 hours):
- PSYC 107 Introduction to Psychology (3 hours)
- PSYC 200-499, other than PSYC 484, PSYC 485 and PSYC 491 (3 hours)
- PSYC 300-499, other than PSYC 484, PSYC 485 and PSYC 491 (9 hours)

Curricula in Sociology

Sociology is the scientific study of society. The discipline examines all aspects of human behavior, especially those involving interpersonal relationships and the development of social structures.

The Department of Sociology offers courses in such areas as the family, racial and ethnic relations, demography, social stratification and inequality, social psychology, complex organizations, community, environment, criminology, the sociology of religion, global sociology and social change.
