Robin,

Thanks for checking. I have no objections, but I do need to have an estimate of the number of students this would bring to the course - especially this spring since I am starting to plan now for TAs for the recitation part of the course. Can we get an estimate of spring enrollment from this program?

Hi Christine,
Please see the following email in which ARCH requests including ENGR 101 in a new minor program. Do you have any objections?

Subject: Courses for a minor

Mike, Sarah & Robin,

The Department of Architecture is proposing a minor is Sustainable Architecture and Planning. The minor will include 2 courses (6 hours) that are required and taught by our College. The remaining 9 hours will come from a menu of courses (ARCH310, ARCH421, ARCH446, ENGR101, GEOG 202, GEOG 306, PHIL 205, URPN301 and URPN 461). Could you please assist me in getting approval for listing GEOG202, GEOG306, PHIL205 and ENGR101 as available courses. This will be an open minor so student, for example in Geography could possible get the minor with as few as 3 extra courses.

Thanks in advance for your assistance!
