Rationale for Proposal

Inevitably replacing NFSC 430 as the primary UWRT course with NFSC 204. The NUTR and FSTC course prefixes are proposed to change to NFSC (Approved by the UCC in August 4, 2017 UCC meeting); goal is to reduce number of cross listed courses within the department as well as make for easier identification; courses with number changes — NUTR 405 will be NFSC 412; NUTR 470 will be NFSC 475; NUTR 365 will be NFSC 365 and will be added to MAJOR COURSEWORK; NFSC 407 (4 hrs) will replace NUTR 405/412 in this degree track under Supporting Coursework; NUTR 404 will reduce from 4 to 3 hours; core math requirements will become Any TAMU Core Math (with a MATH prefix required); addition course options will be added to Supporting Coursework; Statistics requirement will add STAT 301, 303 to 302 to give more options; General Electives reduced from 7 hours to 4 hours; total hours for degree completion will not be changed by these modifications
