Reviewer Comments

Angel Mario Carrizales (carri1214) (09/04/18 4:46 pm): Rollback: The attached degree evaluation removes all lower-level requirements from the program. The lower level requirements are still part of BS-MARA program and need to stay in the degree evaluation. Only the catalog program requirements entry needs to be edited to remove the courses that make up the lower-level requirements.

Angel Mario Carrizales (carri1214) (09/18/18 2:10 pm): Rollback: I've made edits to the tables to conform to our catalog style guidelines. The overall format looks good; however, the footnote order and sequence between the upper level and lower level CARS programs are inconsistent and duplicated. Please remove the redundant entries and rearrange the order of the footnotes in the order that they first appear.

Angel Mario Carrizales (carri1214) (09/26/18 11:21 am): Initial concerns addressed.

Sandra Williams (sandra-williams) (11/05/18 2:55 pm): UCC approved November 2018.
