Rationale for Proposal

The Department of Maritime Administration requests approval to create a Maritime Administration Lower Level (MARL). Students seeking a BS-MARA degree will be initially classified as MARL. Following successful completion of five courses (ACCT 229, ECON 202, ECON 203, MATH 141, and MATH 142), students can then petition to have their classification changed to BS-MARA upper level. This change is expected to improve the student's preparation for higher level studies and align prerequisites for courses taught through the Department of Maritime Administration in Galveston with the Mays Business School in College Station.

Angel Mario Carrizales (carri1214) (07/13/18 3:11 pm): Rollback: Per our conversation, please edit the BS-MARA CARS program entry to account for the the information listed in this entry.

Angel Mario Carrizales (carri1214) (09/05/18 5:59 pm): Rollback: Per our discussion, Please upload a document for the MARL – Maritime Administration Lower Level check; Add a plan of study grid instead of course list.

Angel Mario Carrizales (carri1214) (09/18/18 2:08 pm): Rollback: I've made edits to the tables to conform to our catalog style guidelines. The overall format looks good; however, the footnote order and sequence between the upper level and lower level CARS programs are inconsistent and duplicated. Please remove the redundant entries and rearrange the order of the footnotes in the order that they first appear.

Angel Mario Carrizales (carri1214) (09/26/18 11:16 am): Initial concerns addressed.

Sandra Williams (sandra-williams) (11/05/18 3:23 pm): UCC approved November 2018.
