Academic level	Undergraduate
Effective Term	2019-2020
Department	Civil Engineering
College	Engineering
Program type	Degree w/Concentration
Degree designation	BS - Bachelor of Science
With a major in	Civil Engineering (CVEN)
Associated Program	<b>Not Applicable</b>
With a concentration in	Construction Engineering Mgmt (CEM)
Catalog Program Title	Civil Engineering - BS, Construction Engineering and Management Track
CIP and Fund code	14080100

### Rationale for Proposal

**Changes made to include one more SCH of W instruction in the sophomore year.** ~~Changes made to accommodate changes to engineering common first and second year courses.~~

Program hours	128
Is this program eligible for financial aid?	Yes
Will program hours change (increase/decrease) due to the proposed curriculum changes?	No
Program delivery mode	On-campus

### In Workflow

1. **CVEN Department Head**
2. **Curricular Services Review**
3. **EN Committee Preparer UG**
4. **EN Committee Chair UG**

6A total of 35 hours of technical electives is required. Technical electives are divided into four categories: science courses, breadth courses, focus courses, and capstone design courses. The choice of courses to be taken in each of the four categories depends on the track chosen and must be made in consultation with the student's advisor and/or the Civil Engineering Undergraduate Student Services Office to ensure pre- and co-requisites are satisfied. Capstone design courses must include more than one civil engineering context.

7All students must take at least two courses in their major that are designated as writing intensive (W). [CVEN 207](#) and [CVEN 424](#) taken at Texas A&M satisfy this requirement. Other CVEN courses may be approved as W courses at a later date. A grade of C or better is required in these courses.

A grade of C or better is required in all science, mathematics and engineering courses taken to satisfy degree requirements.

## Total Program Hours 128

### Construction Engineering and Management Track - Technical Electives

Technical electives for the BS in Civil Engineering, Construction Engineering and Management Track are composed of a SCIENCE course (3 semester credit hours), BREADTH courses (18 semester credit hours), FOCUS courses (11 ~~9~~ semester credit hours), and a CAPSTONE DESIGN course (3 semester credit hours), as delineated below, for a total of ~~35~~ **35** semester credit hours. A substitution for any course in the track must be approved in writing by the Civil Engineering Undergraduate Student Services Office.

Reviewer Comments

**Angel Mario Carrizales (carri1214) (10/19/18 8:54 am):** Rollback: Rule D and J of the additional coursework area is set up as variable credit. Rules in the degree evaluation cannot be variable. The courses listed under proposed RULE J are 3hrs each; however, the rule has been listed as (3-4 hrs). To correct the discrepancy, please list RULE D as 2hrs and RULE J as 3hrs.

**Angel Mario Carrizales (carri1214) (10/19/18 2:18 pm):** Previous comment was added in error.

**Angel Mario Carrizales (carri1214) (10/19/18 2:26 pm):** We are moving the proposal forward; however, there are concerns regarding the Additional Coursework area in the degree evaluation. The change to CVEN 207 from 1 to 2 hours, has caused the department to reduce the number of elective hours. RULE K "Focus elect" of the additional coursework area requires 5hrs; however, all courses except one, CVEN 403 2hrs, listed under the rule are 3-hour courses. In essence, a student may have to take 6 hours to meet this requirement. Which technically, looks like an increase to the overall program hours.

**Prasad Enjeti (enjeti) (10/22/18 8:55 pm):** Rollback: Please delete /ENGR 482

**Angel Mario Carrizales (carri1214) (12/10/18 10:23 am):** The department has added additional 1 SCH and 2 SCH course options to add flexibility for students and to address previous concerns. The proposal has been updated to include the course options, and an updated degree evaluation has been uploaded. Previous concerns have been addressed.

**Sandra Williams (sandra-williams) (12/10/18 2:47 pm):** Concerns addressed. Update received. UCC approved December 2018.
