Rationale for Proposal

When the certificate was originally proposed and approved, it was noted that we had new courses in development that would be added to the certificate as elective offerings. SCMT **611 650** has now been approved as a new course within our department and we would like to add it as an option for students pursuing this certificate. **In addition, we would like to add FINC 646 as an option. A letter of support from the FINC Department is attached.**

We would also like to delete FINC 649 from the certificate, as the FINC Department no longer supports the inclusion of the course in the certificate.

Program hours 12
 Is this program eligible for financial aid? Yes
