

**A Resolution by the Faculty Senate in Support of
Formation of a Graduate School at Texas A&M University
October 5, 2020**

Whereas, faculty and administrators have worked closely together on a proposal to create a graduate school at Texas A&M University, and

Whereas, most of our peer institutions have graduate schools that support and enhance graduate education on their campuses, and

Whereas, establishing a graduate school here would serve to elevate the importance of graduate education at Texas A&M University, and

Whereas, all graduate faculty at the University would become an integral part of the graduate school, and

Whereas, faculty governance has been and would continue to be a major part of the growth, development and direction of a new graduate school,

Now, therefore be it resolved that the Faculty Senate of Texas A&M University supports the establishment of a graduate school to underscore the immense value and expanding role of graduate education at this University.
